

Our new baby!

(Tiny-Tonka)

It's the smallest of our brood, both in size and price! And we're mighty proud parents. There are nine spanking new Tiny-Tonkas, and they all take after their big brothers—the Mini, the Regular and the Mighty-Tonkas. Same built-in boy appeal. Same rugged kid-proof construction. Frames don't crack. Wheels don't wobble off. Working parts really work, and *keep* working!

Why not surprise your little guy with a Tiny-Tonka? It gives such big happiness, and costs so little!

Nine Spanking New Tiny-Tonkas
Good things really do come in small packages!
